CINEMA EDUCATION

Study, training and education project.
Dedicated to the younger generations

FILM

AMICORTI IFF CINEMA EDUCATION

Cinema, as an art, transcends simple entertainment to become a mirror of society, a tool for reflection and a window into different worlds.

[Start Page](#)

“Before you change the world, you must understand that you are part of it too: you cannot stay on the sidelines and look inside.”

(from the movie, The Dreamers)

FILM

***Vision and reflection***

VISION & REFLECTION

The process of reflection has three phases: **recognition** which means penetrating one's own experience. The **admission** of one's films which means recognizing one's defense mechanisms and the **revolution**, when we manage to change the meaning of our experience.

MEET OUR TEAM

Our Professional Team

Our professional team has been working in the film industry for 10 to 15 years.

They have been producing the AmiCorti IFF international film festival since 2018.

With the international cinema network they create important opportunities for all those who are interested or have the opportunity to work in cinema.

OUR PRODUCTIONS

With the cinema education project, AmiCorti IFF has produced 8 short films with various schools and young people from the community of the Cuneo area.

With international artists he has produced 3 short films and is working on his first international feature film.

AmiCorti International Film Festival from
2018

Professional short international film

THANK YOU FOR WATCHING

Studying with our staff creates immense opportunities..
